Yungers, Stanton Proving Critics Wrong

Many owners thought Ryan Yungers and the Taylor Gang had made a mistake by drafting Mike Stanton with the 4th overall pick in the draft. Mitchell Sherman was surprised that Yungers did not go with a pitcher. But Yungers saw Stanton's power and knew he needed someone to protect Ryan Braun in the lineup. Stanton certainly has done that, leading the league in homers (19), rbi's (54), and slugging percentage (.616). He was also named Player of the Month for January. Here is a look at the top 5 players selected in the SVL 9 Free Agent Draft:

1—Argyle: Jacoby Ellsbury CF .332 avg (6th), 10 hr, 39 rbi, 81 hits (tied-1st), 49 runs scored (2nd)

2-Winnepesaukee: Jordan Zimmerman SP 5-5, 4.44 era, 5 quality starts in 12 total starts

3-Cape Town: Pablo Sandoval 3B .287 avg, 13 hr, 33 rbi

4-Taylor: Mike Stanton RF .273 avg, 19 hr (1st), 54 rbi's (1st), .616 slg (1st), 34 xbh (1st),

5-Johannesburg: Michael Pineda SP 5-4, 3.95 era, 9 quality starts in 12 total, 69 k's in 70 2/3 innings
